

DN Series® BEETLE A1250 All-in-One POS System

BEETLE A1250 sets a new industry standard with its 18.5" touch POS and kiosk, blending innovation, sealed design and fanless operation for unparalleled value and longevity.

Its modular and scalable design, consistent software, and common components simplify maintenance, offer unimaginable upgrade capabilities and protect your investments, making the system the perfect solution for stores and restaurants around the globe. The BEETLE A1250 empowers retailers to do more.

Reliability

The BEETLE A1250 is a robust solution that combines industrial-grade reliability with the elegance of a state-of-the-art product design:

- Fanless system design increases the reliability and system availability
- Dust-proof, sealed housing protects the system's interior from dirt and debris
- The splash-proof system design fulfills IP54 specifications

Modularity

A common, modular hardware platform consisting of interchangeable touch panels, motherboards, I/O hubs, and integrated peripherals supported by standard-based system software and middleware and smarter services ensures more seamless integration into your organization's channel ecosystem.

Versatility

The BEETLE A1250 adapts to specific requirements, blending perfectly into any store environment with these benefits:

- Intel's Whiskey Lake processor
- Scalable I/O interface concept
- Integrated wireless LAN
- VESA 100 mounting on a counter, pole or wall
- Customer displays in various sizes
- Display enables to portrait mode
- NFC
- MSR
- iButton
- 2D Barcode
- Fingerprint

Features

APPLICATION

- Front-end POS system
- Kiosk solution
- Information/ service-terminal

EXCELLENT ERGONOMIC DESIGN AND SIMPLE OPERATION

The BEETLE A1250 is designed to provide optimal ergonomics, boosting efficiency and reducing downtime.

- The angle and height-adjustable desktop stand, alongside an improved viewing angle, antiglare display surface, and a brighter, high-contrast LCD, support individual adjustments, reduce light reflections, and improve the user experience.
- Equipped with up to two solid-state drives, the system runs silently.

BEST-IN-CLASS MANAGEABILITY

The BEETLE platform has borne the “Ready for Management” label for many years, and the BEETLE A1250 is no exception.

- It uses power-saving mobile Core processor technology from Intel.
- The desktop management agent BEETLEINFO supports remote asset management and remote monitoring.
- The service-friendly click-and-connect design enables faster, easier exchange of components (e.g. the swap of the storage device).
